\* Some states are counting beneficiary oriented activities as separate projects e.g Toilets under ODF, Trainees in a programme etc. It is clarified that beneficiary oriented schemes shall be shown as one project e.g. Swatch Bharat can be counted as a project for particular district, if taken up. If, say 12 districts take it up, it would be 12 projects. Beneficiaries are to be shown separately. Further, a particular vocational course shall be 1 project. Beneficiaries can be shown under column 8. For roads as it is a public good beneficiaries, not being quantifiable, need not be shown.
