Challenges in implementation of DMF related schemes

Below are the main challenges which have been identified in implementation of DMF across the districts of Jharkhand:

- Lack of delivery capabilities with district administration for execution of DMF schemes
- Absence of adequate and dedicated manpower for monitoring DMF related schemes
- Low level of involvement of local PRI's (Panchayati Raj Institutions) in planning and overseeing projects
- Issues related with survey and identification of mining affected families/areas
- Administrative Issues
- Lack of Infrastructure at State Level to monitor DMF related schemes

Thank You
