I am happy to learn that ‘Ministry of Mines’ is observing Vigilance Awareness Week, 2016 on the theme “Public participation in promoting integrity and eradicating corruption” from 31st October, 2016 to 5th November, 2016.

Corruption is a curse which has significant adverse effects on investment, competition, entrepreneurship, Government efficiency & income inequality, and thereby hampering the economic growth of the country. It requires a multifaceted strategy to tackle this menace.

Good Governance is one such approach which can curtail corruption to a large extent and play a pivotal role in realizing our dream of ‘Sabka Sath Sabka Vikas’. Government led by Shri Narendra Modi Ji has initiated various visionary measures to provide a transparent and accountable administration, which works for the betterment and welfare of the common citizens. I urge upon all the stakeholders to partner Government of India in providing transparent, effective and accountable governance to the people of this country.

I appreciate the efforts of ‘Ministry of Mines’ in creating awareness among all the stakeholders about ill-effects of corruption and promoting integrity. I am confident that the programs such as this would bring about enhanced transparency and efficiency in public services.

I wish the ‘Ministry of Mines’ all success in its endeavors for making Mining Sector free from corruption.
